Certificates

CompTIA A+

CompTIA A+ is an entry-level certification for PC computer service technicians. This certification provides a fast track to technical support and IT operational roles.

CompTIA N+

The CompTIA Network+ certification is an IT certification exam that verifies you have the essential knowledge and skills in networking to develop a career in IT infrastructure.

Experience

University of Mpumalanga

[01/02/2022-31/05/2022]

[ICT Technician Intern]

- I was assigned to set up computers and the necessary peripheral devices for students and staff. I was also assigned to monitor the network performance and system upgrades including service packs, hot fixes.
- Also assisting in installing, configuring, and supporting firewalls to ensure network security

KAYISE IT

[01/06/2022-31/12/2022]

[SOFTWARE DEVELOPER Intern]

- I was developing web application for clients, I was focusing a lot on the back end of the projects. We were using multiple languages to develop, PHP, JAVA EE, JAVA SE, NODE JS, WP...etc
- I was working a lot of project depending on what the client wants, our main aim was to provide everything that the clients wants. I also developed Desktop & Mobile applications for clients, using C#, C++, Kotlin, JAVA...etc.

Skills

Main Skills

- Full stack developer
 - Problem solving
 - Graphic Designer
 - Able and flexible to work collaboratively as part of a team
 - Ability to accept feedback
 - I can do work without any supervision
-
